Dear «Name»:

The Sisters in the Brotherhood would like to invite you to our 1<sup>st</sup> OPEN HOUSE event.

Our goal is to encourage more women to enter our trades. We are developing programs that are designed to encourage and promote productivity, team building and work ethics for women in our trades.

A leadership panel of sisters and contractors will welcome questions and comments on what it takes to be a leading Union Carpenter in today's world. We encourage your participation as a way to learn more about the Sisters in the Brotherhood and to help with the mentoring process of the workers in our industry.

We view this as a partnership between our signatory contractors and the PNWRC to gain market share and to assist in developing the best and most diverse workforce for our changing industry.

There will be an award given to a Contractor who has made a significant impact on working women in our trade.

To this end, I would like to cordially invite a representative from your company to join us
